

Project Initialization and Planning Phase

Date	26 June 2026
Team ID	
Project Name	Credit Card Approval Prediction System
Maximum Marks	3 Marks

Define Problem Statements (Customer Problem Statement Template):

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love. A well-articulated customer problem statement allows you and your team to find the ideal solution for your customers' challenges. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A bank credit analyst reviewing credit card applications.	Approve or reject credit card applications quickly and accurately.	Manual verification takes a long time and is prone to errors.	A large number of applications must be analyzed using multiple financial and demographic factors.	Confident that applications are processed faster, more accurately, and fairly using machine learning.
